

# 50<sup>th</sup> Year Anniversary of the Christ of the Ozarks

The seven-story Christ of the Ozarks Statue continues to be one of the most visited attractions in the Ozarks since it was completed 50 years ago in 1966. View incredible photos of this memorial statue or submit your own at [GreatPassionPlay.org/Christ-of-the-Ozarks.html](http://GreatPassionPlay.org/Christ-of-the-Ozarks.html).

For a donation of as little as \$10, you can light the Christ of the Ozarks in memory of, in honor of, or in celebration of a birthday or anniversary.

Dates to light the Statue are on a first-come basis. Go to [GreatPassionPlay.webconnex.com/light](http://GreatPassionPlay.webconnex.com/light) to make your donation.

We are currently in the process of restoring this memorial statue.

Have you visited the **History Museum**? New for 2016, the **History Museum** provides a brief snapshot of the history of creation and mankind and how the Bible fits into that as well as providing evidences (apologetics) for God's existence as well as why Christian theism and the Bible provide the most logical and plausible worldview of existence. The History Museum is located in the bottom level of the Jerusalem Chapel. Don't forget to visit the Art and Bible Museum!

*DVDs of almost every performance that takes place on the grounds are available in our gift shops. If you forgot to visit before the Play, the gift shop is open after the Play.*
