Sept 14th is the annual birthday of the Star Spangled Banner! We invite all Americans to join us at the Great Passion Play, in Eureka Springs, AR to join us as we celebrate and aim to fill our 4000 seat stadium that night to sing it America! Watch us live-streaming on Facebook or better yet; JOIN US IN PERSON!

Choirs and bands are invited to contact Dr. Manuel and come to rehearse at 5:30 Friday the 14th, to perform that night at the Celebration of our National Anthem at the Great Passion Play, now in its 50th year; America's number one outdoor drama. Free admission to Military past or present with an ID. Ten dollar admission to students with ID.

A three star General Joint Chief of Staff once told Sing-it-America's audience in DC; "The Star-Spangled-Banner is our patriotic anchor to National Defense. If we ever lose that, our children will be marching to the tune of tyrants once again."

"We stand for the flag and our National Anthem. Freedom, Faith and Family is our theme here at the Great Passion Play." Randall Christy, Executive Director of The Great Passion Play
GreatPassionPlay.org

People who love the anthem persuaded the US Senate in 2015 to unanimously pass resolution #550 that preserves the anthem to the perpetuity of the nation! And reveres and honors all 4 verses, the last of which called us "Heaven's Rescued Land!" and stoutly states, "In God Is Our Trust!" So it is with pride in our veterans and trust in our God that we open every performance of the Great Passion Play with the singing of the national anthem and the salute of every hand upon each heart to our flag.

Joe Davis of Washington DC VFW Headquarters, stated it was VFW veterans who persuaded Congress in 1932 to make the 1814 (Francis Scott Key) Star Spangled Banner our official anthem.

Join us at the Great Passion Play stadium for this special event on Sept 14, Friday night at 6:50 and bring a flag to wave! While others are ignoring resolution #550, even protesting, we are gaining ground, aiming to fill the stadium and encourage others to do so across America too!
